
U1: STM32F446RE on NUCLEO-F446RE. VCAP_1, BOOT0, NRST and decoupling are handled by the board.
U2 (TB6612FNG), U3/U4 (SN65HVD230): breakout modules. On-module passives other than R1/R2 are omitted.
Test wiring: CAN1 and CAN2 share a single bus. Bus separation is planned (Phase 5-a).
